

# 2020-2021 VPK School Year Options

Through December 31, 2020

The Florida Department of Education (DOE) and the Office of Early Learning are approving flexible options for early learning providers to support parents rejoining the workforce and mirror the choices parents have for K-12 students. Providers were able to apply to offer a flexible innovative learning model or a hybrid model. Beginning in January 2021, students will return to face-to-face instruction. As a parent, you will have the option to move your child to another VPK program or provider at any time.
